

Online Cardholder Account Access

Quick Reference Guide

Introduction

We are introducing an online platform called the Card Management System (CMS) to help you conveniently view and monitor the transaction activity on your card.

Online Account Access Through the Card Management System (CMS)

- The CMS portal provides real-time, view-only access to your cardholder information.
- You may review details including:
 - Available credit limit
 - Balance information
 - Recent transactions, including any that may have been declined
 - Cardholder statements
 - Important messages from the Bank via Message Center
- Additionally, you may set up text alerts for activity such as declined transactions, fuel purchases, or transactions exceeding a specified dollar amount.
- To register for CMS:
 - Visit: <https://www.card-data.com/FirstHorizonCardManagementSystem>
 - Select “New Account Holder User Set Up” and follow the prompts to establish your login credentials.
